

LICENSING WORK GROUP

OCTOBER 20TH MEETING

RECAP- SEPT 22ND WORKGROUP MEETING

Recommendation #1

The task force should recommend to the legislature that at minimum 300 additional social equity retail licenses should be created and issued with multiple licensing windows between in 2022 and 2029

Recommendation #2 (Amendment to Sept 14th Proposal) *Amendments in red.*

All social equity retail licenses and current *title certificate holders* who fit the social equity definition can be in any municipality that allows for the siting of additional retail licenses. This would not preempt local restrictions but simply give flexibility to the licensee to locate where they are able, and an open jurisdiction allows it.

Recommendation #3

Social equity goal: 50% of total licenses should be owned by social equity applicants.

PRODUCER PROCESSOR LICENSES

As of June 2021, there were **282** producer or processor licenses that were once issued and have since been returned. Breakdown Below:
