### Shared Focus: Health and Wellbeing

- Individual, family, community, state wellbeing
- Wholeness: holistic health, dimensions of wellbeing
- Interconnectedness with environment, nature, animals, land
- Unique needs of each person and each community
- Social determinants of health
- Access to resources, power, wealth
- Prevent harm in the first place
- Promote healing
- Strong and sustainable communities

**System need:** A unifying vision for health and wellbeing to guide various initiatives.

What does an individual, community, and state need in order to reach their full health potential and thrive?
